

VEGETABLES & FRUIT at Cross Island Farms

- **Varieties:** We grow over 300 varieties of primarily heirloom certified organic vegetables, herbs, berries & fruits each year. Chosen for great flavor, unique shapes, & unusual colors, there is always something new at Cross Island Farms.

- **Farmstand:** Our self-service farmstand is open 24/7 year-round, moving from roadside to the house in cold weather, featuring an ever changing variety of fresh vegetables, fruits, herbs, meat, & eggs. You can shop at your convenience at 44301 Cross Island Rd., Wellesley Island NY, 13640.

- **Special Orders:** Gladly filled and delivered year-round for you or your business.
- **Enchanted Edible Forest Garden:** A beautifully landscaped permaculture planting of fruits, nuts, berries, flowers and herbs offering a unique venue for **U-pick**, play groups, workshops, family reunions, **weddings**, farm to table dinners and other special occasions. Call or email for pricing and availability.

LIVESTOCK at Cross Island Farms

- **Eggs:** Our Americauna chickens are certified organic and raised on pasture. The gorgeous pastel-colored eggs are as beautiful to behold as they are delicious to eat. Duck eggs available in season.

- **Beef:** Heritage breeds including Belted Galloway and Red Devon are organically raised on rotationally-grazed pasture and hay. Naturally lean and flavorful, free of hormones and antibiotics, our Certified 100% grass-fed beef is sold by the whole, half, and mixed quarter, deposit required. USDA-inspected cuts also available.

- **Goat:** Goats are natural browsers, thriving on brush, grasses, and clovers. Available for pets, to start your own goat herd, or to eat. Goat meat is very flavorful and delicious. Our organically raised, certified 100% grass-fed goat is also available in USDA inspected cuts.

- **Pigs:** We raise Tamworth/Yorkshire/ Large Black crosses, outside on pasture, fed organic grains, fruits & vegetables. Sold by the whole or half, deposit required. Breeders, feeder pigs, roasters, and USDA cuts also available.

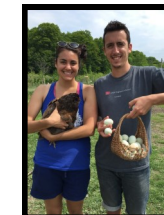

TOURS & CAMPING at Cross Island Farms

- **Farm Tours:** Farm tours available year-round. Tour the organic vegetable & Enchanted Edible Forest gardens. Pick & taste samples in season. Learn about organic gardening techniques. See the chickens & collect fresh eggs. Watch the cows graze, learn about Rotational Grazing. Pet the goats

& hold the baby goats (in season.) Watch pigs, natural rototillers. Learn about renewable energy with our solar array, wind turbine and state-of-the art weather station.

- **Rustic Camping:** Camp in private on beautiful Wellesley Island, on a working organic farm, among wetlands, fields, & woods. Hike, bike, ski, or snowshoe in. Carry-in, Carry-out. Private: only 4 sites on 67 acres. Open year round. Call or email to reserve your site.

ORGANIC VOLUNTEERING & INTERNING

at Cross Island Farms

- Have you always wondered what it would be like to live and work on an organic farm?
- Do you dream of someday having your own organic farm?
- Do you love working with plants, animals, and Mother Earth?
- Are you willing to work hard and get your hands and clothes dirty?
- Are you interested in trading your time & labor for a hands-on learning opportunity?

If you said yes, you might be interested in volunteer work experience opportunities, HS or College Internships, or WWOOFING at Cross Island Farms. Lodging may be available. Internships have included SUNY ESF, Clarkson, and JCC.

CROSS ISLAND FARMS

Produces Certified Organic Pastured Beef, Pork, Goat, "Just Laid" Eggs, Fruits, Vegetables, & other all natural produce. Farm tours, permaculture workshops, rustic camping, garden rentals, alternative energy, & organic volunteer opportunities make Cross Island Farms an international agritourism destination.

• Located on 102 acres on Wellesley Island in the beautiful 1000 Islands Region of the St. Lawrence River in Northern NY.

• Started in 2006 by Dani Baker and David Belding.

Certified Organic by NOFA-NY Certified Organic LLC since 2006, Producer #200652

Our Vision is to build an ecologically, economically, and socially sustainable farm, diversified in plant and animal life, that provides us with a reasonable living, our community with healthy, wholesome food, the environment with a good neighbor, and provides educational opportunities for as many people as possible about how to produce organic, sustainable, local, healthy food. We also want to be able to have this vision and this farm continue long after we are gone.
