Wellesley Island Grown Certified Organic Grass-Fed Beef is sold by the mixed quarter, half, or whole and priced by hanging weight. The mixed quarters should be around 100-150 lbs hanging weight.

This year we have six Red Devon/Belted Galloway crosses for harvest. These heritage breeds do particularly well on a grass-fed diet. The butcher dates June 22nd, August 1st, and December 30th.

You are purchasing a share in a live animal to be slaughtered by our butcher. You pay us \$3.95 per pound, based on hanging weight, plus trucking, with a minimum down payment of \$200.00 per quarter to reserve your beef. You pay the butcher the processing charges which will vary, depending upon the hanging weight and your cutting orders. We have the animal delivered to the butcher and you pick up your cuts of meat directly from the butcher when they are ready.
